HOSPITAL WILL OPEN MARCH 15

Directors Took Decisive Action
at Lengthy Friday Night
Session.

WANT \$5,000 IMMEDIATELY

Will Procure 500 Persons to Join
"Emergency Club" by Giving at
Least \$10 Cash.

The Annie M. Warner hospital will
open in Gettysburg on the 15th of
March.

This final decision was made in the
form of a resolution at a meeting of
the Board of Directors in the hospital
Friday night.

In the meantime the Board of Directors
and doctors of the county will endeavor
to procure five hundred \$10
subscribers. With this \$5,000 they
expect to commence operations and
continue running.

During their meeting the fifteen
members of the Board of Directors
present raised \$400 among themselves,
leaving only \$4,600 to be gotten from
the people of Adams county. The directors
expressed confidence that this comparatively
small amount would be forthcoming in a short time.

All persons contributing cash to
this \$5,000 fund will become members
of the "Emergency Club" which was
chosen by the directors as the most
appropriate name for the 500 persons
who aid directly in the 30 day opening
plan.

In regard to the "Emergency Club"
funds the directors decided that William
Arch McLean, of Gettysburg,
should receive the names and cash of
all persons desiring to contribute.

Details pertaining to running the
hospital were thoroughly discussed by
the directors who were in session four
hours. The professional rules adopted
by the medical staff were presented to
the board which then chose another
committee to draw up a second set of
regulations governing the business operation
of the hospital.

More extensive newspaper publicity

Braces by Philadelphia
Expert.

Eighteen crippled children from Gettysburg, Littlestown, Guernsey, Cashtown, Hampton and other nearby towns were present Friday afternoon at the Red Cross workroom, High street, when Emil Gefvert, brace expert from Philadelphia conducted a clinic for the purpose of assisting children suffering from the effects of infantile paralysis and other orthopedic infirmities.

Eleven children were measured for braces and Mr. Gefvert will return to Gettysburg in March after the braces have been manufactured. He advised that six children be sent to Harrisburg Tuesday for operations. Dr. Rugh, of Philadelphia, whose operation on a Gettysburg boy enabled him to walk, will be in Harrisburg then and perform the operations.

Keen interest in being taken in the orthopedic work of the Red Cross by the doctors of the county and many children brought in by their parents Friday was on the advice of the physicians.

DIED IN KANSAS

Former Resident of Adams County
Passes Away.

Word has been received here of the recent death in Winfield, Kansas, of Charles W. Thomas, a former Adams county resident whose wife is a cousin of Mrs. George Heagey, of Steinwehr avenue.

During the Civil War Mr. Heagey was a member of the militia and while going toward the front was hurt in a train wreck. He was sent to a hospital with a fractured leg and for that reason never saw any active fighting.

His death was the indirect result of an automobile accident last fall from which he never fully recovered.

He leaves his wife, who is a cousin of Miss Laura Lady, Gettysburg, as well as Mrs. Heagey; two daughters, Miss Edna Thomas, at home; Mrs. G. M. Brewer, of Winfield; and Charles E. Thomas, of Hutchinson, Kansas.

WOMAN LEADER FOR FIRST TIME

School Directors Elect Mrs. McCauley, of Beaver, President
of Association.

URGES AMERICANIZATION

Schools Bulwark Against Bolshevism.
Dr. Driver Pleads For Consolidation of Rural School.

For the first time in the history of the organization the Pennsylvania State School Directors' Association elected a woman president. The balloting was done at the closing session of the annual meeting of the association in Harrisburg Friday. Superintendent of Schools H. Milton Roth and representatives of various township school boards in this county were present. Mrs. S. H. McCauley, of Beaver, was elected president and Mrs. W. S. Anderson, of Aspinwall, was named third vice president.

"Americanization means more than the formal training for responsible citizenship," said Dr. Albert L. Roland, of the Department of Public Instruction, who read the paper of J. M. Berkey, Pittsburgh, in Mr. Berkey's absence.

"Our public schools represent the concrete personality of the State and nation," he continued, "and stand as a bulwark against the propaganda of the Reds and the radicals."

"Let us continue them as training centers in Democracy, admitting the foreign-born and the American-born of other nations to come there and learn the English language. We must have compulsory attendance, in conjunction with the shop and home classes. Civic aid through the various organizations should be of inestimable value, also."

Mr. Roland declared that Americanism and Americanization must not be merely names; they must mean the teachings of the spirit of our democracy.

Pleads For Consolidation

"The consolidated rural school arouses a new community spirit; it creates new community interest by bringing people together, forming a large unit and enlarging the acquaintance," said Dr. Lee L. Driver, director of the Bureau of Rural Education.

RAID YORK DISTILLERY

State Police Catch Men in Act of Moving Whisky.

Suspecting that there was to be a delivery of whisky Friday night from the property of the New Hellam Distilling company plant, Hellam township, I. E. Matter, United States internal revenue agent at the distillery, got on the job and sent a hurry call to state constabulary barracks at Lancaster with the result that at about 8 o'clock Friday night a detail of Troop B swooped down on the distillery, seized an Atlas truck loaded with 33 cases of York Valley whisky and took into custody a group of men found on the outside and in the office of the place at the time. These men, J. A. Brown and A. J. Mahoney, of Philadelphia; A. P. Lapp and A. W. Coleman, of Lancaster; Mike Neva and William Anderson, of Hellam, and E. D. McDade, of Scranton, the latter secretary and treasurer of the New Hellam Distilling company, were taken into custody.

The men were held for a hearing in York Wednesday. Bail was fixed at \$500.

SCOUTS HAVE OWN PLAYING FLOOR

Boys Have Provided Place to
Play Basketball. Had Interesting Meeting.

A gymnasium for the use of the boys of Gettysburg has been opened in the building back of the Hoffman hotel by the Boy Scouts of town. This announcement was made following the meeting of Troop 1, Boy Scouts, held Friday evening at the residence of Charles W. Gardner, York street.

Temporary baskets have been provided and a dressing room has been fitted out. Improvements in the floor will be made and later on it is planned to have a series of basketball games. The Boy Scouts will be in charge of the floor.

Scoutmaster Albert Billheimer announced Friday night that all scouts must pass the tests for a first class scout before June 1.

Frank Gardner was awarded the honor of the first scout to pass the first scout test and was awarded a prize of \$3 by the troop. Russel Stahley was initiated as a Tenderfoot and placed in the Wolf Patrol.

J. Parke Weaver, of Harrisburg, scoutmaster for the Camp Hill troop, was present and addressed the scouts on first aid work and scout movement.

The Eagle Patrol presented the following entertainment:

Song, "Beautiful Kid From Madrid," John Grindler; farce comedy, "When The Country Goes Dry," caste of characters, Hiram Bradford, Edgar Markley; Constable Richard, Frank Gardner; Storekeeper, Harold Thomas; Pension Inspector, Milton Plank; Revenue Agent, Jarvis Robinson; Civil War Veteran, Raymond Wisler. The farce was directed by Arthur Musselman. Refreshments were served.

ERECT SIGNS TO STOP SPEEDING

Borough And State Policemen
Will Soon Start Nabbing
Violators.

As the first step to stop useless speeding on the streets of Gettysburg the Town Council Highway committee on Friday afternoon commenced the erection of sign posts along York street.

These posts extend eight feet above the ground and the 34 by 15 inch sign bears the words:
Fifteen (15) Mile
Speed Limit.

After erecting the signs on York and Hanover streets the Highway committee employees under the direction of Chairman Roy P. Funkhouser, will proceed to Chambersburg street and Buford avenue. These four streets are expected to be lined with the signs every eighth of a mile by Tuesday night. Attention will then be directed to the other town thoroughfares.

When the signs have all been erected it is the intention of the Highway committee to see that the local and state police enforce the law. The speed limit on state highways is thirty miles per hour which, according to law, could be continued within the borough of Gettysburg when there were no notices to inform automobile drivers of the fifteen mile limit. After the posts have been erected the local policemen will have the authority to arrest all automobile drivers going at a rate in excess of fifteen miles per hour and have them fined before a Justice of the Peace.

Such action was deemed imperative by the Town Council as a preventative of further accidents.

FIGHT LICENSE BOOST

Motorists Strongly Object to Raising Fees.

At the meeting and banquet of the Waynesboro Motor Club it was voted to get strongly back of the opposition to a bill presented in the Legislature to increase the license fees for automobiles from their present rating of 40 cents per horse-power to 60 cents per horse-power, and that one-third of the money received by the State Highway Department be returned to the counties for the maintenance of the roads owned by the county.

The effect of this, say motorists, would be to pour the biggest end of the automobile license fund into the lap of the large cities and towns. W. J. Patton, Greencastle, presided, and was toastmaster.

HEAVY DRAIN ON CHARITY FUND

Money For Needy Poor Has Been
Exhausted. Ask Cash
Donations.

As the result of the unusually heavy drain on the Eicheberger Charity Fund, that source of supplies for the needy poor of Gettysburg is now exhausted and no further income will be received from the endowment before April 1. An exceptionally large number of worthy calls, coupled with the prevailing prices for food and fuel, accounts for the condition. Many people who are greatly deserving of assistance will suffer if the fund is not augmented by public subscription. Gifts may be sent direct to Philip Bickle, borough treasurer, or they will be forwarded through The Times. All will be acknowledged.

The fund is carefully handled by a committee of women of which Mrs. J. L. Butt is the chairman. Orders for groceries and fuel are given to applicants known to be worthy and these are filled by local merchants who then collect the money from the treasurer. In this way the committee is sure that the fund is expended for proper purposes.

For years it has served to relieve suffering here and this is the first time in five or six winters that it has not been sufficient to provide for all calls. Now, however, the fund is exhausted and no more requests for help will be granted unless additional cash donations are received. Small and large amounts will be acceptable.

ROBBED OF CAR AND MONEY

Philadelphians Held Up Near Baltimore. Walked Into City.

(By Associated Press)

Baltimore, Feb. 12—Overtaken by another large car containing six men and a woman while they were driving toward Baltimore, about ten miles out on the Belair Road at 1:45 a. m. today, two Philadelphians were held up and robbed of \$300 in cash, jewelry valued at \$250 and their automobile. The men—Charles E. Paplin and Herman Rudenstein—walked into the city reaching police headquarters about 5 a. m.

They said that the machine raced up behind them as they were driving slowly and pushed them over to one side of the road, one of its occupants commanding them to stop.

The robbers searched the car for whisky and then one of their number drove off with it, both cars proceeding toward Baltimore.

WANT TO USE BEER, TOO

Physicians Say Its Medical Value Is Greater Than Wine.

(By Associated Press)

Washington, Feb. 12—A ruling as to whether physicians can prescribe beer for sick people under terms of the prohibition enforcement act was asked of Attorney General Palmer today by the Treasury Department.

Assistant Secretary McLean explained that since the recent order of the prohibition enforcement bureau permitting physicians to prescribe wines in unlimited quantities many inquiries have been received from doctors asking why the right to use beer for medical purposes was denied.

The argument advanced, Mr. McLean said, was that beer had a lower alcoholic content than wine and for some ailments particularly various forms of weakness its medical properties were more valuable.

LABOR AND FARM UNITS TOGETHER

New Program For Co-Operative
Congress. To Establish Exchange Bureau.

DENOUNCE THE OPEN SHOP

Would Restore Railroads to Unified
Government Operation And Reduced Freight And Passenger Rates.

(By Associated Press)

Cleveland, Feb. 12—The All-American co-operative Congress was given a new program for the year at the co-operative congress of farmer and labor organizations which closed a three-day convention here today.

The program calls for the establishment of an exchange service to bring farmers, producers and city consumers together for direct marketing and suggests that labor unions in cities and farm organizations invite consumers into their meetings to discuss co-operative marketing. The principle of collective bargaining "for farmers and laborers alike" is ordered and the open campaign is denounced.

Resolutions were adopted favoring legislation to control the meat packing industry, to restore the railroad to unified government operation and hat freight and passenger rates be reduced to what they were when the roads were returned to private ownership.

Increase Appropriation

Washington, Feb. 12—The agriculture appropriation bill as approved today by the Senate Agriculture committee carries nearly \$206,000,000 more than the \$33,000,000 fixed by the House. The principal increases voted by the committee are \$200,000,000 for the purchase by Treasury Federal farm loan bonds and \$5,000,000 for loans to buy farmers seed in the drought stricken areas.

BELIEVE BANDIT WAS SLAIN

Think Leader Was Killed to Prevent
Graft Disclosure.

(By Associated Press)

New Brunswick, New Jersey, Feb. 12—Belief that Frank Walsh, bandit leader, one of two men killed in the whisky hold up near here last night, was robbed of nearly \$15,000 and jewels was expressed by his father today.

The father, Frank Walsh Sr., of Passaic, told District Attorney Stricker that his son had the money and jewelry when he left home. None of the jewelry and little money was found on the body.

Newark police, after an all night examination of Samuel Perkins, driver of the truck, professed the belief that the prisoner might be able to corroborate the theory that Walsh was slain to prevent disclosure of alleged police graft in New York. He had been subpoenaed as a witness.

"We are prepared to accomplish all we can because we fell under a moral obligation to assist in reconstruction and we will make reparation proposals of our own in London," declared Dr. Wirth. "Our offer will not be a small one. The nations must learn to realize that what we shall offer can not be taken from the national wealth but must be produced by work."

MANY SHOTS AT BIG NAVAL BILL

Strong Opposition Aroused By New Method of Framing Measure.

SAYS IT IS NOT LAWFUL

Representative Britten Throws Well Aimed Bombs. Friends of Economy And Disarmament Fight Hard.

Washington, Feb. 12—The Naval Appropriation Bill ran through hostile waters in the House yesterday, but at the end was still afloat. Shot from all sides, it almost went down at times as members attempted to riddle some of the provisions of the \$395,000,000 measure. One section, on the point of going out, was saved by Chairman Butler of the Naval Affairs Committee, who went to the front and rescued it.

Opposition to the bill cropped out as a result of the general dissatisfaction with the new method of framing appropriation legislation. Heretofore the naval bill has been drafted by the Naval Committee, but under the so-called budget system, that committee holds its hands while a subcommittee on appropriations does the work.

Not Authorized by Law

Representative Britten, of Illinois, ranking Republican member of the Naval Committee, threw most of the bombs, using always the argument that funds recommended by the framers of the measure were not authorized by law. In this way many sections went out on points of order, with indications that many more will go out, for only a little headway was made with the reading yesterday.

Advocates of economy and friends of disarmament jumped to their feet in all parts of the chamber to throw out an amendment by Representative Hicks, Republican, New York, of the Naval Committee, providing \$7,500,000 for Navy aircraft. In the end they had their way, although Mr. Hicks pleaded hard and earnestly for sufficient funds to build up the air branch of the sea service.

Ruled Out on Point of Order

There was no vote on the amendment, it being ruled out on a point of order as new legislation.

In going after some sections, Mr. Britten hit upon an item of \$5000 for the expenses of the Civilian Naval Consulting Board, of which Thomas A. Edison has been one of the leading members since 1916. Chairman Kelley of the subcommittee in charge of the bill, smilingly remarked that it was subject to a point of order, but insisted it should stay because the country still was technically at war.

Chairman Butler pleaded with Mr. Britten to let it stay, and the latter finally withdrew his objection after announcing that in attacking unauthorized provisions he was consistently demanding strict compliance with existing law.

For Virgin Islands

Mr. Britten failed to upset an appropriation of \$343,000 for temporary government in the Virgin Islands.

There were many speeches for and against the biggest navy in the world. Representative Pou (Democrat) of North Carolina, declared that while he had voted for a big navy every year during his 20 years of service, he had hoped the time might come when he could cease giving such support.

WHISKY BANDIT SLAIN

Police Believe He Was Slain By Pals.

New Brunswick, N. J., Feb. 12—The slain leader of the automobile bandits who stole a truck load of whisky at Monmouth Junction on Thursday night after shooting one guard to death and blackjacking three others, yesterday was identified by the police as Frank Walsh, of Passaic, wanted by Newark authorities for alleged bootlegging.

Walsh, who was found dead in a wrecked automobile near this city, with a bullet hole in his head, is believed by the police to have been killed by his assistants or lost his life in an encounter with another gang of liquor bandits.

MAY BE MURDERER

Chicago, Feb. 12—Ralph Davis, arrested here, on a charge of embezzling funds of the Farm Bureau of Newton county, Indiana, also faces charges of having murdered his aged father and mother, according to a telephone message received yesterday from Earl Gardner, sheriff at Kentland, Ind.

The message said Davis had been indicted for murder and would be arraigned in Morocco, Ind., as soon as the excitement died.

Mr. and Mrs. W. C. Davis, parents of the prisoner, were burned to death when fire destroyed their farm home near Revere, Ind., January 21. A coroner's jury returned a finding of accidental death.

The sheriff refused to reveal the evidence upon which the murder charge was based.

U. S. HAS RECORD OF RED MEETING

Bremen Said to be Headquarters of Radical Propaganda.

Paris, Feb. 12—The American State Department, according to the Petit Parisien yesterday, is believed to have obtained a stenographic copy of the proceedings of the international Bolshevik propaganda committee which met secretly in the suburbs of Bremen, at the end of December.

This committee is said to maintain headquarters near Bremen, from which efforts to foster uprisings in all countries have been directed and information centralized for directing a secret committee known only to the directors in charge of the work in each country. These directors do not reside in the country where they are directing the work, but make hurried visits there.

Bremen Center of Activity

The Bremen headquarters and not Moscow, is said to handle all foreign propaganda, to issue orders in the name of the Moscow organization and to distribute funds. It is reported that 600 agents are listed.

Several documents are understood to be in the hands of various governments besides the State Department's complete report, but no action has been taken thus far because of delay in identifying the personnel, who are listed under aliases.

Estonia is said to have told the Allies that out of 1200 persons obtaining passport visas to Bremen, only 385 returned.

PEW OF LINCOLN PLAIN AS THE MAN

Bench Occupied by Him Given to Chicago Historical Society.

(By Associated Press)

Chicago, Ill., Feb. 12—Abraham Lincoln is shown again as one of the plain people at the Chicago Historical Society this week.

To its already fine Lincoln collection, the society has added on this anniversary, for the first time, some remarkable bits of Lincoln's environment that give glimpses of his life.

Most illuminating perhaps among these is the pew that Lincoln occupied in the Presbyterian church at Springfield, before he left Illinois capital to go to the White House. The rough bench looks as if it might have been made from the rails that he split in youth. No plainer, commoner, more substantial bench could be built for a church.

The pew probably was never painted. At any rate it shows no sign of paint today, but stands like a product of the carpenter that had gone straight to the church. It is a bench that without regard to looks, could be doing its duty for several more half centuries.

Nearby is a chair that Lincoln used when he was reading law. It is one of those bleak office chairs of long ago, a sure enough companion piece to the pew, simple, worn and still good for a long term of hard service.

SLAIN BANDIT WANTED IN PROBE

Frank Walsh Was Under Subpena in Corruption Administration Case.

WERE DEALING IN LIQUOR

Believe Leader Was Killed by Another Gang of Bootleggers. Survivor Describes Killing.

New York, Feb. 12—Frank Walsh, slain leader of a group of alleged automobile bandits who stole a truck load of whisky Thursday night near New Brunswick, N. J., was under subpoena to appear before the Grand jury here investigating alleged corruption in the city administration, former Governor Charles S. Whitman, prosecutor announced yesterday.

Mr. Whitman intimated that Walsh had given information in the stolen automobile and illegal liquor traffic inquiries to the police department.

Mr. Whitman announced that he had ordered an investigation started into Walsh's death, as he was "an important link" in the automobile graft cases.

"Walsh once told me," said Mr. Whitman, "that some respectable people in New York would tremble in their boots when he went before the Grand Jury. He was to testify next Monday concerning a connection between two garages in the Tenderloin district, where stolen cars were kept until the crooked police came around to 'recover' them."

Identified as Walsh

New Brunswick, N. J., Feb. 12—The slain leader of the automobile bandits who stole a truckload of whisky at Monmouth Junction Thursday night after shooting one guard to death and blackjacking three others, yesterday was identified by the police as Frank Walsh, of Passaic, wanted by Newark authorities for alleged bootlegging.

Walsh, who was found dead in a wrecked automobile near this city with a bullet wound in his head, is believed by the police to have been killed by his associates or to have lost his life in an encounter with another gang of liquor bandits.

Pleaded For Life

Pedro Salamandra, member of the liquor convoy, in his account of the holdup to the police, said his brother Leo, alleged owner of the liquor, was killed after he had pleaded for his life with the bandits, who spurned his offer of \$500 and the whiskey to let him go.

Stolen Truck Found

The stolen truck was found in Newark yesterday morning, police said, but its \$30,000 load of liquor had been removed. Several men were seen hurrying from the truck to an automobile in which they made their escape when the police appeared.

As the truck was marked with many bullets, police believe Walsh and his party were held up, and the bandit chief killed by a second gang of liquor thieves.

WILL NOT LIMIT SIZE OF CAMPS

Gordon Denies Rumor Regarding Attitude of Game Commission.

Rumors have been heard in this county to the effect that the Pennsylvania Game Commission was interested in limiting the number of men that would be permitted in any deer hunting camp have been emphatically denied by Seth Gordon, secretary of the commission. The rumor which seems to have gained wide circulation was responsible for the flood of protests that came to the office of the commission and brought forth a formal denial.

Mr. Gordon said: "Widespread rumors that the Game Commission is back of legislation to limit the number of men in hunting camps is untrue. The Commission has not attempted and does not intend to attempt to regulate the number of men in any camp. It has no such law in contemplation."

There is a widespread sentiment among sportsmen, however, to limit the number of deer killed in any camp during any one season to four or five and such a bill probably will be introduced.

SALE REPORTS

The public sale conducted Thursday by Harry Emlert, of Hamilton township, near Abbottstown, drew a large attendance. Mules brought \$451 and \$265 a pair; horses \$190 and \$140; ten head of registered Holstein cows, \$75 to \$170; two heifers, \$90 and \$95; calves \$30 to \$55; stock bull, \$114; shoats, \$7.50 to \$11.50; sow, \$35 to \$40. The receipts were \$3,026. Abraham Roth was auctioneer. Mr. Emlert will discontinue operating this large farm and move to a smaller place.

HARDING CALLS HUGHES TO HIM

Believe Now Former Justice Will Be Named Secretary of State.

St. Augustine, Fla., Feb. 12—The general belief that Mr. Harding has selected Charles Evans Hughes of New York, to be his Secretary of State was further strengthened yesterday when it became known that Mr. Hughes would come here shortly for a conference. No definite announcement was made, but it is believed by those close to the President-elect that the development forecasts acceptance of the post by Mr. Hughes.

Charles G. Dawes, of Chicago, who Treasury, also is expected to see Mr. Harding within a few days, but it was said yesterday he had no formal appointment. Mr. Dawes is visiting relatives in Florida, and the interpretation generally placed on his prospective call here was that he would drop in and pay his respects. Mr. Harding himself would not discuss the subject, except to say he thought very highly of Mr. Dawes and would be glad to see him.

One of the President-elect's callers yesterday was Senor Riano, the Spanish Ambassador at Washington, who is resting here. He said he only had made a call of courtesy.

FAIL TO IDENTIFY MURDER SUSPECTS

Men Held at Roanoke Released. Mystery Baffles Police.

With the positive failure of the police to identify the four men arrested Thursday at Roanoke, Va., on suspicion that they were concerned in the brutal murder of Garfield Miller, a Hagerstown taxicab driver, early Wednesday morning, the authorities of Hagerstown and Martinsburg are more puzzled than ever in what direction to move for a solution of the mystery surrounding the tragedy.

Sheriff Bean, of Berkeley county, accompanied by Ray Zimmerman and George Brenner, of Martinsburg, both of whom testified at the coroner's inquest Wednesday that they had seen and talked with the four men with whom Miller is said to have left Martinsburg about an hour before he met his death and who are believed to be the dead man's murderers, went to Roanoke Friday and failed to identify the men held there. To Sheriff Bean Friday morning they gave their names as S. Davis Terry, Terry Jennell, R. R. Shirley and Walter James, all of Pittsburgh. They will be released from custody.

cation in the Department of Public Instruction.

"The rural school must have a course of study adapted to the needs of the community; it must teach music, agriculture, manual training and domestic science. All these things are more easily done in the larger school, the consolidated school, and the attendance is thus increased through the additional interest of the pupils."

Solves Rural Problem

"Transportation is an important factor and careful schedules must be worked out. Playgrounds must be large and properly provided. In fact, the consolidated school with its efficiency, its socializing influence has been proved to be the real solution of the rural school problem." Dr. Driver illustrated his talk with pictures.

In the report of the resolutions committee, presented by Chairman S. R. McClure, of Braddock, a larger appropriation for educational purposes was asked from the Legislature; the committee declared against fixed representation of women on school boards, against local school boards in favor of county units, against employing adult alien laborers who do not pay school taxes, against the removal of directors before the expiration of their term of office through reclassification of the district, against the teachings of Bolshevism and antireligious fanatics; against the delay in payment of the educational appropriations; against the type of moving pictures permitted in the State, advocating increased censorship.

STAR WITNESS WILL NOT TESTIFY

Says Judge is Not Guilty And Then Refuses to Speak.

Cleveland, Ohio, Feb. 12—Miss Mary E. Neely, star witness for the state in the second trial of Judge William H. McGannon, charged with second degree murder for the alleged killing of Harold C. Kagy, on the witness stand for the state yesterday morning, said Judge McGannon did not kill Kagy and refused to answer any questions.

"Judge McGannon is not guilty of the murder of Harold C. Kagy," she said: "I refuse to answer any questions because in so doing I might disgrace or incriminate myself."

Efforts on the part of County Prosecutor Stanton to pin Miss Neely down to her testimony in the first McGannon trial was blocked by objections from defense attorneys, which were sustained by the Court.

At the first trial of Judge McGannon, Miss Neely testified that she followed the judge's automobile to the scene of the slaying on the night Kagy was shot. She said she saw Judge McGannon, Kagy and John W. Joyce—the last named previously acquitted of the shooting of Kagy—leave McGannon's automobile and that a few minutes later she "saw McGannon take something from his pocket. Simultaneously there was the flash of a shot and Kagy fell forward."

Miss Neely also declared Judge McGannon offered her a bribe to "keep her mouth shut," and swore she had made an offer to the judge to take the blame for the murder herself.

FIND LOTTERY SWINDLE

Agents Get Tickets And Take Liquor Stamps.

Boston, Feb. 12—Tickets of the "Canadian Lotteries Company," 5,000 of which were seized Thursday when Federal agents raided a north end printing shop and confiscated counterfeit government liquor stamps and labels, are declared by government investigators to represent one of the most pretentious swindling schemes of its kind in the east.

All evidence, it was asserted, points to the conclusion that the capital prize, advertised as \$30,000, never was awarded, and that probably all prizes above \$100 were written down as won by persons in the far west "who never existed."

Jonas Hecht, proprietor of the raided plant, is said to have told Federal officials that he printed 2,400 of the lottery tickets monthly for a man in Everett who paid cash for them. Two men last night were said to be under observation by Federal agents, one in Everett and another here, in connection with the case.

also decided upon by the directors who expressed their willingness to spread broadcast throughout the county the day by day progress of the \$5,000 movement and other hospital matters of general interest. In regard to the future of the institution one of the men said:

"When we have raised the necessary \$5,000 to open and are well underway I am certain that the people of Adams county will respond as they have in the past by subscribing sufficient money to the endowment fund to place the finances of the institution in splendid condition. When they see 'he good work their own institution is doing it is needless to say they will not allow it to close."

Nurses will be sought immediately to be in Gettysburg for the March 15th opening, it was announced.

Rev. P. F. Sullivan, pastor of the St. Francis Catholic Church, was elected a director of the Hospital Association to fill the vacancy caused by the departure from town of Rev. W. F. Boyle.

ABBLIN ELECTRIC COMPANY

Decided Upon As Name For Eastern County Organization.

The name "Abblin Electric Company" was decided upon at a meeting of the directors of the newly formed eastern Adams county organization in the East Berlin firemen's hall, Thursday night. This name was chosen by taking the first syllable of the word Abbotstown and adding to it the last syllable of the word Berlin.

During this Thursday night session it was also decided to locate the home office of the company in East Berlin and to authorize the stock capitalization at \$25,000. Shares will be sold at \$100 par value.

An attorney will be procured by the directors in the near future to guide them in procuring a charter and attending to other necessary details.

HORSE USEFUL AFTER DEATH

Spencer, Mass., Feb. 11—Lex, a bay horse that was a trusty traveler in his day, is still serving Alonzo W. Green in death. When the old horse went lame recently in his twentieth year Green had him killed and cut up into steaks. "Old Lex is as good eating as he was good driving" Green told his friends whom he invited to share the steaks with him. Opinion among those who partook of the food varied but Green said that for the most part they liked it.

Lex had been a familiar figure on the streets of the town for many years and some of those invited to the feast declined because they said they had known the horse to well to eat him.

BLIGHTED TREES SOLD

Chestnut Timber At Mont Alto Brings \$6,807.73.

Professor E. A. Ziegler, director of the state forest academy, has notified the Pennsylvania Department of forestry that the receipts from sales of blighted chestnut timber on the Mont Alto forest amounted to \$6,807.73 during January.

Chestnut forms such a large percentage of the timber on certain sections of the Mont Alto forest that it is necessary to replant after its removal.

For this purpose 100,000 white pine and 20,000 pitch pine seedlings will be set out during the coming spring. From January 1 to January 20, 351 cords of chestnut extract wood were cut and sold.

The Spirit of The Lincoln Home Trail

MYSTERY!

We saw it in a Texas paper. "Copper cans. Tight-fitting lids. Made of pure 16-oz. Copper. Send money or bank draft. Shipment will be made at once."

It intrigued us. Why this drive on copper cans? Nothing said about the use. Just cans. And money or bank draft must accompany order.

Then we turned over another page, and found this:

"Extra-heavy air-tight copper kettles, ideal for preserving and for general household uses, etc."

Note the "etc."; and the advertisement continued:

"They are easily arranged for the distillation of water for home or garage uses or any legitimate purpose. No orders sent C. O. D."

Why this sudden tenderness for the flivver? Just what would Friend Wife be canning in midwinter? Note the distillation, and eke the "legitimate purposes"; and likewise "no orders sent C. O. D." Money must accompany orders. Cash on the nail. Nothing at seller's risk. Sizes up to 50 gallons.

What have we here, Watson? Ah, Volstead, Volstead, what new industries have been founded in home and garage, in Texas and Illinois (for the two firms are in these states) in

TOLD OF TEAM'S FINE RECORD

Public Ledger Contained Article Commenting Upon Gettysburg Streak.

This article telling of the splendid record of the Gettysburg College Varsity five appeared in the Friday sporting sheet of the Philadelphia Ledger. It was written before the Delaware defeat last Tuesday.

In nine games already played out of a schedule of sixteen, the Gettysburg College Varsity basketball team has established the remarkable record of winning eight and losing one by the scant margin of a single point.

"Albright, Carnegie Tech, Drexel Institute (twice), Dickinson, Franklin and Marshall, Moravian and Mt. St. Mary's are the teams which have fallen victims to the Gettysburg 1921 attack, while Bucknell, by scoring a foul in the closing minute of play, is the lone conqueror of the Battlefield Boys. Four of the eight victories were scored on foreign floors, proving convincingly that Gettysburg is not a 'home team.' The Gettysburg tossers have scored 286 points to their opponents' 201.

"Coach Doyle Leathers, former 100 and 200 yard champion of Pennsylvania, is the man responsible for the success of Gettysburg this year. Coach Leathers believes that his team this year will even surpass his 1914 aggregation, which won fourteen games and lost five.

"Captain Charles Miller and Roy Mundorf, center and forward, respectively, are products of the Gettysburg High School, Frank Gantz, freshman forward, who is leading in goals from the field and who bids fair to become a shining star, is a Lancaster product, as is Donald Dean, substitute guard. Lester Gingerich, front guard and foul shooter, hails from York, as does Earl Ziegler, star defense man for four seasons. Joseph B. Stewart, forward, is the only Philadelphia boy on the team. Finney Bender and Crabby Wise, substitutes, are products of Hanover High School.

CHECKS WINNING STREAK OF HIGH

Camp Curtin Team of Harrisburg Springs Big Surprise. Wins, 39-35.

Camp Curtin High School 39—Gettysburg High 35.

The element of uncertainty in sport is what makes it attractive to its thousands of followers. Without surprises and upsets of dope there would be no howling hordes to assemble at the ring, diamond, court and gridiron.

Friday night in Harrisburg Camp Curtin High gave Gettysburg High the surprise of her life by winning a four point victory.

This victory of the Harrisburg tossers broke the run of nine consecutive victories started by the Gettysburg youngsters against Lansford, January 8 and caused great astonishment here January 14 the score on the local floor was Gettysburg 53—Camp Curtin 53.

Wilsbach, the big Harrisburg center who was held to a pair of baskets here, won the game for his team by caging eight goals from the field. Daly, a forward, also shone conspicuously in the limelight by making nine field goals in fifteen attempts.

The leading field goal shooter for Gettysburg was Rebert, who made a number equal to Wilsbach. Bream also played well for the Maroon and White.

Harrisburg won by a spurt in the second half as the score at half time was 17-17.

Line up:
Gettysburg High Camp Curtin
Hunter forward J. Deshong
Rebert forward Daly
Bream center Wilsbach
Scott guard Wissler
Weikert guard F. Deshong
Field goals: Wilsbach 8, Rebert 8, G. Bream 4, J. Deshong 3, Hunter 2, Wissler 2, Daly, Oyler, Lantz.
Fouls: Daly 9 out of 15, Hunter 5

out of 10.
Substitutions: Oyler for Rebert, Lantz for Wissler, Frye for Daly.

BUCKNELL WON AGAIN
Trimmed Dickinson at Carlisle by 33-25 Score.

Bucknell University which is setting a rapid pace in the basketball world at the present time defeated Dickinson at Carlisle Friday night by the score of 33-25. January 26 Gettysburg beat Dickinson over there 30-29.

Tonight Bucknell, which gave Gettysburg her first defeat of the season in Lewisburg, 31-30, appears in the local gymnasium for the most important home game of the season.

Lincoln Practicing Speech-Making

Wrestling With Armstrong

LINCOLN was very strong and courageous in his youth. During a wrestling match with Jack Armstrong, who was the leader of a mischievous gang of boys, and after their leader was thrown, these boys threatened to attack Lincoln, but his courage won their admiration and they became good friends.

Lincoln Was Always Borrowing Books from His Neighbors

Lincoln Reading Law

WHILE Lincoln was a storekeeper, one day a man drew up in front of the store with a wagon and asked Lincoln if he would buy an old barrel. To oblige the traveler Lincoln bought the barrel and paid him half a dollar for it. When the barrel was empty, a complete edition of "Blackstone's Commentaries" was found. Lincoln eagerly read these famous law books and his ambition to be a lawyer was greatly stimulated.

Lincoln as a Marksman

IN the summer of 1820, Lincoln started out to shift for himself. When he left his home he went empty-handed. He was already some months over twenty-one years of age, but he had nothing in the world, not even a suit of respectable clothes.

Lincoln Earns His First Half Dollar

THE simple ideal was held before Lincoln that in America, if a boy is upright and industrious he may aspire to any place within the gift of the country.

If any reader of this story of Abraham Lincoln should wish to learn more about this same Constitution that Lincoln was so eager to read and receive free of charge a copy of the Constitution explained in a manner so simple that any child can understand it, write

Lincoln as a "Bow-hand" on the Mississippi

IN a boat which he himself had built Lincoln sculled two travelers with trunks out to a steamer, which was going down the river to New Orleans. When the travelers were seated on the trunks each of them threw a silver half-dollar on the bottom of Lincoln's boat. Speaking of this incident years later, Lincoln said: "I could hardly believe my eyes as I picked up the money. I could scarcely credit that I, the poor boy, had earned a dollar in less than a day."

Lincoln as Postmaster of New Salem

WHILE keeping store Lincoln was appointed postmaster. A large number of the patrons of the New Salem post office lived in the country—many of them miles away—but generally Lincoln delivered the letters at their doors. These he would carefully place in the crown of his hat, and distribute them from house to house.

The Killing of Lincoln's Grandfather by an Indian

WHILE Abraham Lincoln, the grandfather and his son Thomas, the father of the President, were working in the fields near their home in Kentucky the grandfather was killed by an Indian. Just as the Indian was about to carry off the son Thomas, Mordcau, another brother, fired from the log cabin nearby and the Indian fell. Springing to his feet the boy ran to the open arms of his mother at the cabin door; thus the life of Thomas Lincoln was saved to become the father of the immortal Abraham Lincoln.

How Good Is Your Memory?

• He, that wrongs his friend
 Wrongs himself more, and ever bears about
 A silent, court of justice in his breast,
 Himself a judge and jury, and himself
 The prisoner at the bar, never condemned.

Can you read this stanza once—very quickly—then write it from memory, placing all the capitals and punctuation marks correctly? If not, better train your memory! Little Dorothy Le Roy of Windsor, Vt., can do better than that—but then of course she's the memory marvel of New England. She is only four, and can't read this stanza, but when it was read rapidly to her once, she repeated it immediately without an error. She can rattle off all the presidents from Washington down and give the population of all the principal American cities.

"That this Nation under God, shall have a new birth of Freedom"

THIS will come to pass when men learn to view, and to live life as Lincoln did.

WHEN THEY LEARN to emulate the simplicity of his life and to avoid the show and sham which breed discontent and false ideals.

WHEN THEY LEARN that life is doubly worth the living when mixed with the milk of human kindness.

WHEN THEY LEARN that the doctrine of "something for nothing" is false—that permanent and worth while things come only by work.

WHEN THEY LEARN to be humble and to recognize that most questions have two sides.

WHEN THEY LEARN to have vision, and to do the work of to-day for the good of to-morrow.

WHEN THEY LEARN "How poor are they that have not patience."

WHEN THEY LIVE his saying "Let us have faith that right makes might, and in that faith let us dare to do our duty as we understand it."

TOLD OF TEAM'S FINE RECORD

Public Ledger Contained Article Commenting Upon Gettysburg Streak.

This article telling of the splendid record of the Gettysburg College Varsity five appeared in the Friday sporting sheet of the Philadelphia Ledger. It was written before the Delaware defeat last Tuesday.

In nine games already played out of a schedule of sixteen, the Gettysburg College Varsity basketball team has established the remarkable record of winning eight and losing one by the scant margin of a single point.

"Albright's" Carnegie Tech, Drexel Institute (twice), Dickinson, Franklin and Marshall, Moravian and Mt. St. Mary's are the teams which have fallen victims to the Gettysburg 1921 attack, while Bucknell, by scoring a foul in the closing minute of play, is the lone conqueror of the Battlefield Boys. Four of the eight victories were scored on foreign floors, proving convincingly that Gettysburg is not a 'home team.' The Gettysburg tossers have scored 286 points to their opponents' 201. Coach Doyle Leathers, former 100 and 200 yard champion of Pennsylvania, is the man responsible for the success of Gettysburg this year. Coach Leathers believes that his team this year will even surpass his 1914 aggregation, which won fourteen games and lost five.

"Captain Charles Miller and Roy Mundorf, center and forward, respectively, are products of the Gettysburg High School, Frank Gantz, freshman forward, who is leading in goals from the field and who bids fair to become a shining star, is a Lancaster product, as is Donald Dean, substitute guard. Lester Gingerich, front guard and foul shooter, hails from York, as does Earl Ziegler, star defense man for four seasons. Joseph B. Stewart, forward, is the only Philadelphia boy on the team. Piney Bender and Crabby Wise, substitutes, are products of Hanover High School.

CHECKS WINNING STREAK OF HIGH

Camp Curtin Team of Harrisburg Springs Big Surprise. Wins, 39-35.

Camp Curtin High School 39—Gettysburg High 35.

The element of uncertainty in sport is what makes it attractive to its thousands of followers. Without surprises and upsets of dope there would be no howling hordes to assemble at the ring side, diamond, court and grid-iron.

Friday night in Harrisburg Camp Curtin High gave Gettysburg High the surprise of her life by winning a four point victory.

This victory of the Harrisburg tossers broke the run of nine consecutive victories started by the Gettysburg youngsters against Lansford, January 8 and caused great astonishment here January 14 the score on the local floor was Gettysburg 53—Camp Curtin 13.

Wilsbach, the big Harrisburg center who was held to a pair of baskets here, won the game for his team by caging eight goals from the field. Daly, a forward, also shone conspicuously in the limelight by making nine field goals in fifteen attempts.

The leading field goal shooter for Gettysburg was Rebert, who made a number equal to Wilsbach. Bream also played well for the Maroon and White.

Harrisburg won by a spurt in the second half as the score at half time was 17-17.

Line up:
Gettysburg High Camp Curtin
Hunter forward J. Deshong
Rebert forward Daly
G. Bream center Wilsbach
Scott guard Wilscher
Weikert guard F. Deshong
Field goals: Wilsbach 8, Rebert 8, G. Bream 4, J. Deshong 3, Hunter 2, Wilscher, 2, Daly, Oyer, Lantz.
Fouls: Daly 9 out of 15, Hunter 5

out of 10.

Substitutions: Oyer for Rebert, Lantz for Wilscher, Frye for Daly.

BUCKNELL WON AGAIN

Trimmed Dickinson at Carlisle by 33-25 Score.

Bucknell University which is setting a rapid pace in the basketball world at the present time defeated Dickinson in Carlisle Friday night by the score of 33-25. January 26 Gettysburg beat Dickinson over there 30-29.

Lincoln Reading Law

WHILE Lincoln was a storekeeper, one day a man drew up in front of the store with a wagon and asked Lincoln if he would buy an old barrel. To oblige the traveler Lincoln bought the barrel and paid him half a dollar for it. When the barrel was emptied, a complete edition of "Blackstone's Commentaries" was found. Lincoln eagerly read these famous law books and his ambition to be a lawyer was greatly stimulated.

How Good Is Your Memory?

He, that wrongs his friend
 Wrongs himself more, and ever bears about
 A silent court of justice in his breast.
 Himself a judge, and jury, and himself
 The prisoner at the bar, is ever condemned.

Can you read this stanza once—very quickly—then write it from memory, placing all the capitals and punctuation marks correctly? If not, better train your memory! Little Dorothy Le Roy of Windsor, Vt., can do better than that—but then of course she's the memory marvel of New England. She is only four, and can't read this stanza, but when it was read rapidly to her once, she repeated it immediately without an error. She can rattle off all the presidents from Washington down and give the population of all the principal American cities.

"That this Nation under God, shall have a new birth of Freedom"

THIS will come to pass when men learn to view, and to live life as Lincoln did.

WHEN THEY LEARN to emulate the simplicity of his life and to avoid the show and sham which breed discontent and false ideals.

WHEN THEY LEARN that life is doubly worth the living when mixed with the milk of human kindness.

WHEN THEY LEARN that the doctrine of "something for nothing" is false—that permanent and worth while things come only by work.

WHEN THEY LEARN to be humble and to recognize that most questions have two sides.

WHEN THEY LEARN to have vision, and to do the work of to-day for the good of to-morrow.

WHEN THEY LEARN "How poor are they that have not patience."

WHEN THEY LIVE his saying "Let us have faith that right makes might, and in that faith let us dare to do our duty as we understand it."

Clothes For The Boy Who May Be President Some Day

A new president has been elected. It is said that back in his boyhood days his family predicted that some day he would be president.

Where is the mother who doesn't hope that her boy will be a man among men,—a leader,—a success when he grows up?

Where is the boy who isn't dreaming of the day when he can go forth and match his ability, his skill and resourcefulness with the world?

His power, his character, his success, and his ambition are being built into the mental and moral fibre of his being now.

Good clothes do more than make him look well dressed. They give him self confidence and teach him to think in terms of higher standards and greater possibilities.
